TI Retiree Luncheon Set for November 9 at Mesquite Convention Center

This year the TI retiree luncheon will feature a wonderful panel of TI engineers from the TI New Employee Initiative (NEI)! The panel will share insights about their careers, new technologies and product innovations that will shape the future of TI. The “Next Generation of TI Innovation” event will be hosted by Jared Miller, product development engineer and chair of the TI NEI. After the innovation panel, there will be a brief update on TI’s recent financial results. And then we’ll be entertained by Marty Ruiz and the Spectacular Senior Follies.

A special feature this year will be a team from the DeGolyer Library at Southern Methodist University (SMU), who will set up an exhibit of artifacts from TI’s archives at the SMU Library. The team is digitizing some of TI’s rare photos and will demonstrate how to access these on the Internet. In addition to explaining how they are preserving the TI Archives, they want to hear stories from retirees who worked on some of the former products and businesses at TI. Invitations have been mailed with instructions on how to register for this event.

TIAA Golf Tournament Raises More Than \$22,000

On a bright and cool day when comments such as awesome and perfect were used to describe the weather, some 86 golfers teed off for the 18th Annual TIAA Charity Golf Tournament at the

Woodbridge Golf Club in Wylie, TX. By the end of the day, the tournament had raised \$22,025 in donations to benefit The Senior Source. In recent years, the TIAA tournament has joined forces with the TI United Way Tournament. Since the TI United Way Campaign is being shifted to a new schedule, beginning in April 2018, the active TI golfers decided to join with the TIAA golfers for a tournament on October 16 of this year to benefit The Senior Source. In 2018, we will return to the usual format of TI active golfers benefitting United Way

and the TIAA golfers benefitting The Senior Source. Information on the [winners and sponsors](#) and a [slideshow of photos](#) are available on our website.

TIAA Health Benefit Seminar

More than 650 retirees attended the two health benefits sessions at the Plano Event Center on Thursday, October 26. About 80 were in attendance for the morning session, which was geared to Pre-Medicare retirees, and more than 570 were there for the Medicare-Eligible presentation. Lisa Calloway, TIAA Education, Chair pointed out how important it is for retirees to update their addresses when they move. She commented that changes could be telephoned to Fidelity at 888-660-1411, Option 1, and that in turn, they would notify TI and One Exchange of the changes. She also asked that all TIAA members update any address changes either on the TIAA website or by phoning our office at 214-567-8444. In addition to information about health insurance, which is summarized in the slide presentations, TI Consulting Medical Director, Dr. Kevin Soden, gave some practical advice to retirees about health care and supplements. His comments may be heard as part of the presentations below. If you were unable to attend the seminars or would like to review them, you may click on the appropriate links: [Pre-Medicare Presentation](#) or the [Medicare-Eligible Presentation](#). Please note that the Pre-Medicare presentation has a typo on Slide 48; you **cannot** have Medicare Part B premiums automatically reimbursed.

By invitation from TI, 92 TIAA members and their families were able to enjoy a complimentary, exclusive pre-concert reception and performance by the world-acclaimed Dallas Symphony Orchestra at the Morton H.
